About Us

IMSolutions specializes in providing innovative and cost-competitive business and program management solutions to our clients across the public sector. Primarily, our support encompasses assisting clients in acquiring mission critical capabilities, to include developing holistic program strategies for successfully inserting technologies for achieving material solutions efficiently and expeditiously.

With unrivaled depth and experience in public sector acquisition policies, processes, and procedures, *IMSolutions* can add value immediately by bringing best practices, in conjunction with proven analytical tools and methods, and a pragmatic, results-oriented approach to our work. Our solutions are tailored to meet our clients' needs and are supported by rigorous analysis, which is clearly defined, readily implemented and easily tracked. Our consultants on average have over 20 years experience in managing multi-million, multi-year projects.

Strategic Communications:

- Broad spectrum of expertise in developing and implementing strategic visions and plans, communications and advocacy programs, and print and electronic media projects
- Combine strategic planning and implementation, research and analysis, creative services, interactive technology services, media planning and placement, process management and public relations to deliver marketing results
- Comprehensive experience in devising strategies that maximize use of the internet capabilities by creating and modifying websites which are unique and superior to the industry gold standard
- Experience in supporting behavioral research projects that involve not only determining where an organization wants and needs to go, but also how it is going to get there
- Experts in generating strategic communications products and deliverables that "Speak with One Voice" and convey an accurate, favorable, and consistent message
